

FALCONWOOD INC.

About Falconwood, Inc:

Falconwood, Inc. is a small, woman/veteran-owned business providing executive level consultants and programmatic support to Department of Defense (DoD) Information Technology (IT) initiatives and programs.

We provide expert consultation on a diverse range of IT subjects focusing on acquisition strategy, implementation activities and Information Assurance policy and engineering.

We have an immediate opening for a **Cloud Solutions Architect (AWS)**.

Duty Location:

Crystal City, VA Norfolk, VA San Diego, CA

**Minimal travel may be required.*

The ITSM Cloud Solutions Architect (AWS) will:

The NESD Cloud Solution Architect will serve as consultant and subject matter expert for AWS IaaS technical policy development, and strategic planning in support NESD Cloud Migration effort. They will support the preparation and conduct of Engineering Analysis materials and events as scheduled by PMW 250, to include: support development and coordinate with the appropriate points of contact, review assembled engineering artifacts and assist the PMW 250 Technical Director in presentation of EA events, and support all EA activities associated with system changes through the lifecycle of the Project. This includes evaluation of various projects and/or related systems that require advance development to evaluate alternate design considerations or to provide data upon which to base a decision in the Enterprise Systems & Services provided test facility. The emphasis will be on evaluating system/subsystem performance as well as conduct of overall system, integration testing of proposed development models. The Cloud Solution Architect will perform technical contract support within the timeframe and formats assigned, meet the quality and technical requirements of the customer, and all submitted work shall be accurate and complete.

Qualifications and Education Requirements:

- Amazon Web Services (AWS) Certified Professional
- ITIL v3 Foundation Certified (Preferred)
- Bachelor's Degree in Computer Science/Engineering (or related field), or equivalent work experience (Master's Degree Preferred)
- 5+ years overall IT experience, to include at least 1 year of enterprise, full-lifecycle architecture and in-depth, hands-on work experience with large-scale implementation of AWS
- 5+ years experience migrating and deploying cloud-based solutions, AWS preferred
- 5+ years architecting, implementing, and supporting AWS infrastructure and topologies

FALCONWOOD INC.

- DAU Acquisition 101 (Preferred)

Preferred Skills:

- Strong coordination, organization, teaming, and collaboration skills
- Ability to work under pressure and time constraints
- Experience in large, geographically disparate IT environments
- Direct experience migrating applications and/or systems from the enterprise to AWS
- Understanding of Infrastructure as a Service (IaaS) and related concepts on AWS/cloud
- Understanding of ITIL/ITSM, Agile, SCRUM and Continuous Delivery methodologies
- Ability to work with minimal guidance and meet deadlines on schedule
- Ability to work independently and prioritize tasking effectively
- Strong problem solving and analytical skills with the ability to learn information quickly
- Familiarity with DoN command organization and IT Networks, Systems & Services
- Final SECRET security clearance (Preferred) or the ability to obtain a SECRET clearance
