

FALCONWOOD INC.

About Falconwood, Inc:

Falconwood, Inc. is a small, woman/veteran-owned business providing executive level consultants and programmatic support to Department of Defense (DoD) Information Technology (IT) initiatives and programs.

We provide expert consultation on a diverse range of IT subjects focusing on acquisition strategy, implementation activities and Information Assurance policy and engineering.

We have an immediate opening for a **Test and Evaluation Systems Engineer** supporting the day to day activities of a Test and Evaluation team on the Sea Warrior Program (SWP), PMW 240, the single IT acquisition agent for N1 business operations providing full life cycle management to support the Navy's manpower, personnel, training and education (MPT&E) initiatives. The SWP portfolio includes My Navy Portal (MNP), mobile apps, Navy eLearning (NeL), distribution systems, Navy Pay and Personnel System (NP2) and Authoritative Data Environment (ADE).

Job Code: 240TE

Duty Location:

Washington Navy Yard

**Minimal travel may be required.*

The Test and Evaluation Systems Engineer will:

- Provide Systems Testing Support to the NEN Program Office located in the Washington Navy Yard in the acquisition of a large-scale Naval Enterprise Network. Positions will be in the Washington DC Metropolitan Area.
- Development of numerous statutory/regulatory and T&E documents in support of the acquisition process, during transition, operations and total lifecycle support of NGEN.
- Work with customer on testing and engineering efforts related to Enterprise level network management and design.
- Support the development of top-level to detailed-level service validation and testing processes and procedures as well as Baseline Performance Assessments.
- Support the development, maintenance and execution of the Test and Evaluation Master Plan (TEMP).
- Providing Testing & Evaluation input to support the development of Government Requests for Proposals (RFP) to include the analysis and authorship of the applicable sections and dependencies for release of the RFP.
- Travel up to 10% may be required.

Functional Knowledge and Skills
