

FALCONWOOD INC.

About Falconwood, Inc:

Falconwood, Inc. is a small, woman/veteran-owned business providing executive level consultants and programmatic support to Department of Defense (DoD) Information Technology (IT) initiatives and programs.

We provide expert consultation on a diverse range of IT subjects focusing on acquisition strategy, implementation activities, Cyber Security policy, and engineering.

We have an opening for a **Navy Qualified Validator (NQV)**, responsible for the completion of Risk Management Framework (RMF) Assessment & Authorization (A&A) requirements and implementation.

Job Code: USFF – NQV

Duty Location:

Either: 1) Norfolk, VA and 2) Suffolk, VA

Travel may be required, including international.

The NQV:

- Ensures the completion of programs, projects or tasks within estimated timeframes and budget constraints.
- Ensures that the quality of the program, project or task deliverable meets the established standards or metrics.
- Provides Cyber Security guidance and documentation throughout the system development life-cycle.
- Provides Cyber Security guidance at meetings, briefings and design reviews and during system development in accordance with prevailing Cyber regulations and policies.
- Supports the PM, SCA, ISSM, and ISSE throughout all phases of the security authorization process.
- Enables Cyber Security system designs that properly mitigate identified threats and vulnerabilities.
- Reviews and approves test and evaluation activities to validate those threats and vulnerabilities are mitigated.
- Performs system security reviews and Certification & Accreditation (C&A)/ Assessment and Authorization (A&A).
- Conducts A&A process for IT systems and networks in accordance with the DoD Risk Management Framework process.

FALCONWOOD INC.

- Analyzes and reviews the results of network and system vulnerability scans and be able to validate the implementation of IA Controls in accordance with DoD 8500.2.
- Assists with development and tracking of the POA&M in eMASS.
- Supports RMF Checkpoint meetings.
- Assists with the System Categorization and Risk Assessment Report, and consults on the SLCM Strategy.
- Develops the Security Plan, Security Assessment Plan, Security Assessment Report, and Executive Summaries.
- Reports package status and risks weekly.

Required Qualifications:

- Minimum SECRET clearance
- Bachelor's degree in Computer Science, Information Systems/Technology, Engineering, or other related field, or 7 years Cyber Security experience
- Minimum 4 years applied DoD or DON Cyber Security, Certification and Accreditation (C&A) or A&A experience
- Approved NQV
- DoD 8570 IAT III baseline certification
- Knowledge of RMF
- Knowledgeable in eMASS, VRAM, ACAS, and HBSS
- Ability to think independently with minimal oversight, as well as demonstrate exceptional written and oral communications skills
- Exemplary customer/client management skills and techniques
- For international travel, passport is required.

Desired:

- Navy Cyber Security experience
- Familiarity with Navy Enterprise networks, such as NMCI and ONE-NET
- Familiarity with Navy IT sites, systems, and infrastructure
- Knowledgeable in Cybersafe
